

AU FAIT

As 2024 draws to a close, let us **EVOLVE**, we are committed to **Engineering for Tomorrow**, combining Your **Vision** with Our **Skill** to deliver tailored solutions. As a **One-Stop Solution Provider**, we ensure seamless services powered by expertise and innovation. IT is Our **Language**, and We Speak it **Fluently**, enabling us to address complex challenges with precision. Driven by **Vigour** and a passion for progress, we are dedicated to Delivering **Excellence** in every endeavour.

Join us as we delve into our key achievements, including strategic upgrades, custom solutions, and expert support that have empowered our clients to achieve their business goals through this edition of Au Fait.

AI ML Digital Platform

A leading U.S.-based **debt collection** organization faced challenges with their existing processes, which hindered their operational efficiency. Skillmine stepped in to develop an AI/ML platform designed for orbit-shifting efficiency, scalability and compliance-related meta, offering a user-friendly interface and advanced data analytics.

Digital Transformation

One of the **largest diagnostics chains**, offering accurate, reliable, and innovative healthcare testing solutions, partnered with Skillmine to transform its IT and infrastructure landscape. This collaboration involved creating a comprehensive program to enhance efficiency in lab information management systems, optimize data centers, implement AI/ML-based testing validations, and reorganize the IT services landscape.

Threat Management

A leading **credit card provider** delivering seamless transactions and rewarding experiences we are securing and managing their complete vulnerability assessments and penetration testings doing application code secure reviews. Skillmine has taken this organization by quick remediations to not just eliminate threats but to also ensure that their IT landscape is future ready for compliance requirements.

Digital Transformation: Cyber and IT GRC Managed Security System

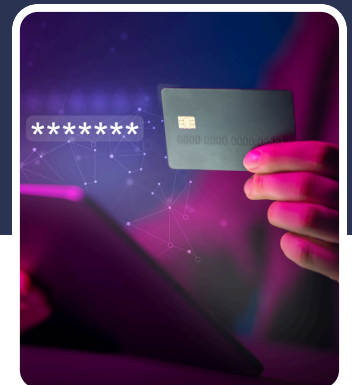

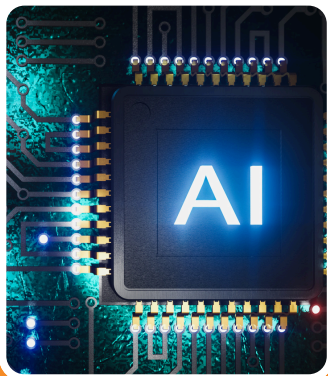

By partnering with Skillmine, a **leading payment aggregator company** in the NCR region successfully navigated complex cybersecurity challenges and IT GRC. Our comprehensive cybersecurity services are further enhancing their IT landscape and cybersecurity posture, preparing them for future cyber-related threats by addressing critical gaps in their cybersecurity technical ecosystem.

Digital Transformation

Skillmine is partnering with a **premier fantasy sports company** to enhance the platform's performance and address vulnerabilities. This partnership goes beyond digital transformation by elevating their operations, maintaining the server-side architecture, databases, and APIs, and further scaling up their digital and cybersecurity teams.

Digital Transformation: Internal Apps and Workflows

A leading **provider of financial services and asset management credit solutions company** has partnered with Skillmine for digital transformation. Skillmine is enhancing the proficiency of internal applications using Power Apps to digitize and streamline workflows, document management systems, and integrations. Additionally, Skillmine is supporting the organization with advanced digital capabilities to elevate their operations.

- Partnering with a **leading institution overseeing India's retail payments and settlement systems**, Skillmine has expanded its strategic collaboration. Beyond application development work, we're now optimizing development processes through DevOps practices and bolstering security infrastructure with advanced SOC services.

- A **leading private sector bank in India, known for innovation and digital transformation** initially collaborated with us to streamline their API integration and rationalization of their banking applications. Building on this successful engagement, we are now strengthening our partnership by focusing on IT GRC. Through the revamp of IT GRC policies and assessments, we are enhancing governance, compliance, and risk management across their IT operations.

- We have been providing managed services to support the IT infrastructure of this **leading NBFC, which offers retail and corporate financing solutions, including vehicle loans and leasing**. To further strengthen our collaboration, we are now introducing dedicated helpdesk services for their IT operations. This enhancement will improve operational efficiency, streamline IT support, and allow their teams to focus on driving business growth.

LEADERSHIP ANNOUNCEMENT

KAMALJEET RASTOGI

Director, Skillmine

We are thrilled to welcome Kamaljeet Rastogi as Director at Skillmine!

With over three decades of experience in the global FinTech industry, Kamaljeet has an impressive track record, having worked with renowned organizations such as Omnifi, Dr. Fresh Assets Limited – India, Manipal Business Solutions, Net Paisa, Jio, and Fino.

His expertise encompasses financial inclusion initiatives, conceptualizing and implementing innovative ideas, launching products, and expanding into new markets. Kamaljeet's illustrious career spans more than 50 countries, giving him a unique global perspective and an extensive network of industry professionals.

We look forward to the remarkable contributions Kamaljeet will bring to Skillmine and wish him great success in his new role.

A DEPENDABLE PARTNER IN DIGITAL TRANSFORMATION

We're excited to introduce a sneak peek into the world of Skillmine engineered products. These videos offer an in-depth look at how our solutions enhance security, streamline operations, and drive digital excellence, showcasing their key features and benefits for businesses.

Skillmine
Authenticator

A robust **Identity and Access Management (IAM)** solution, Skillmine Auth offers **Single Sign-On (SSO) and Multi-Factor Authentication (MFA)**, simplifying security workflows and enhancing user experience and compliance.

COMPLYment

This **compliance management platform** automates processes, reduces manual efforts, minimizes risks and drives efficiency, helping businesses stay ahead of regulatory requirements.

A powerful **data analytics tool**, Data V integrates with various data sources, enabling businesses to visualize and analyze data for smarter decision-making and growth.

STRENGTHENING OUR ECOSYSTEM WITH CHANNEL PARTNERS

We are excited to collaborate with some of the marquee Indian channel partners - **BD Software, Locuz, and CTD Techs** - They will aid the reach and impact of Skillmine's solutions to solve business problems. These partnerships will enable us to deliver greater value, innovation, and seamless experiences to our customers.

BD Software will actively promote Skillmine's cybersecurity offerings to businesses looking for robust digital protection.

Locuz will assist in extending our IT infrastructure and cloud solutions to enterprises seeking transformation.

CTD Techs will focus on promoting our automation and AI-driven solutions to organizations striving for operational excellence.

INSIDE THE SAP S/4HANA UPGRADE:

WHAT YOU NEED TO KNOW

SAP S/4HANA Upgrade – The What?

SAP S/4HANA emerges as a beacon of innovation, bridging the technical and functional gaps. The SAP S/4HANA upgrade addresses challenges posed by disparate systems by quickly upgrading existing SAP systems already running a lower version of SAP S/4HANA on-premise, hyperscaler, or private cloud to a higher S/4HANA version.

Since its inception, SAP has opened a new realm of possibilities for forward-thinking organizations through different intelligent ERP suite versions. However, as technology advances, the need to upgrade to newer versions of SAP S/4HANA becomes increasingly prominent.

Why – SAP S/4HANA Version 2023?

For many companies, upgrading to the newer SAP S/4HANA version from a lower release always seems more than just an IT upgrade. Here's why – as a strategic move, the SAP upgrade helps enterprises become more responsive and proactive toward future disruptions, including the following:

- **End of mainstream maintenance:** SAP's S/4HANA release strategy supports five years of mainstream maintenance for each release. After this duration, customers who want continued product support must endure an additional maintenance fee.

- **Enhanced and new functionalities:** Each new release of SAP S/4HANA unfolds a comprehensive set of new and improved functionalities. A roadmap to leverage these enhancements undergoes a functional SAP upgrade, resulting in significant improvements in operational efficiency.

- **Enhanced user experience:** With a higher version of the SAP S/4HANA upgrade release, the benefits of a modern and intuitive user interface are unlocked. This is pivotal in simplifying complex processes and empowers an enterprise with real-time insights and informed decision-making capabilities.

What Does Each Higher Version of S/4HANA Offer?

Depending on the source and target release, the potential benefits of upgrading to a higher version of SAP S/4HANA are multi-faceted. Here's the core impact:

- **Technology improvements:** With every new release of S/4HANA, traditional ERP capabilities are refined. Significant improvements in data management, security, UI/UX, database features, integration features, and automation possibilities with AI/ML are the key outcomes whenever an SAP-centric company executes an upgrade from lower SAP S/4HANA releases to higher SAP S/4HANA releases. These improvements help an enterprise achieve heightened system performance, improved data governance, and robust cybersecurity measures.
- **Application improvements:** To enhance application capacity, SAP introduces new functionalities and features with each upgrade to align the existing application with evolving business requirements. Generally, application enhancements span industries and business processes to provide tailored solutions for various business needs.

TENNIS PREMIER LEAGUE

Skillmine Proudly Supports Hyderabad Strikers' Triumph at TPL Season 6

After six days of intense action, the Hyderabad Strikers triumphed at the Tennis Premier League (TPL) Season 6, held from December 3rd-8th, 2024, at the Cricket Club of India in Mumbai, defeating the Yash Mumbai Eagles 51-44 to secure their third title.

Skillmine is proud to have supported the Strikers throughout their journey, where players like Harriet Dart, Vishnu Vardhan, and Benjamin Lock showcased exceptional teamwork and resilience.

Our partnership with the Hyderabad Strikers team reflects our belief in the power of sports to inspire and uplift. By supporting initiatives that promote fitness and well-being, we're committed to building a healthier and more active nation.
