

NEWSMINE

Newsmine's April 2025 edition explores our latest **breakthroughs, strategic partnerships and success stories**. Get insights into recent **deployments, industry engagements and thought leadership**, along with real-world examples of how Skillmine is enhancing efficiency, strengthening security and accelerating digital transformation.

Skillmine powers secure, compliant and efficient IT operations for leading organizations. With deep expertise and modern technology, we help **streamline processes, reduce risks and drive operational excellence**.

Dive into Key Moments

Industry events, expert panel discussions and the latest Tech Baithak Podcast episode, where thought leaders explore the evolving cybersecurity landscape, AI-driven decision-making and business resilience strategies.

Skillmine Tech Edge Innovations, Expansions & Advancements

Expanding Managed Services

Skillmine has secured a **3-year Managed Services contract** with the financial services recruitment arm of a leading Indian bank. Our solutions cover **infrastructure, endpoint, email, and web security**, ensuring uninterrupted operations and robust protection.

Advancing Network Security

We are deploying **firewall, Data Loss Prevention (DLP), Web Application Firewall (WAF), Network Access Control (NAC), and Endpoint Detection & Response (EDR)** solutions to strengthen a prominent leading bank's security framework.

Enterprise **Collaboration** Enhancements

Our **SharePoint partnership extension** with a British multinational retailer will help **streamline document management, workflow automation, and collaboration** across its global teams.

Strategic Growth in **Fintech**

Strengthening our partnership, we have onboarded additional resources for a **leading digital payment platform in India**, reinforcing **operational support and scalability**.

Strengthening Authentication for a Leading Fintech Company in India

Integrated CRM and ITSM with centralized auth for secure, seamless single-dashboard access. Strengthened security with a robust password policy aligned with fintech regulations and industry standards.

Optimizing Access Control for a Leading Microfinance Institution

Enabled logo customization on the SSO dashboard to boost brand consistency and user trust. Enhanced access controls for secure and seamless authentication for employees and customers.

Scaling IT Governance & Compliance

A top general insurer in India has adopted Skillmine's ComplyMent platform to streamline GRC and boost regulatory compliance and security.

Strengthening Compliance & Risk Management

A leading housing finance company now uses our ComplyMent platform for automated vulnerability assessment, asset tracking, and regulatory governance.

Events & Industry Engagements

8th Service Quality Excellence India & Awards 2025

Skillmine, a proud Silver Partner at the 8th Service Quality Excellence Summit, led impactful conversations on customer experience and AI-driven decision-making.

Shriraj K., AVP – Product Client Services at Skillmine, joined a thought-provoking panel discussion on the experience-first consumer landscape and AI's transformative role. Our booth further fueled engaging conversations around innovation and future-forward solutions.

India Insurance Summit 2025

Skillmine has partnered with Weav.ai, a California-based leader in Agentic AI, to drive AI-led transformation in insurance across India and the Middle East.

As part of this, we joined the India Insurance Summit, where Weav.ai CEO Peeyush Rai led a session on enhancing underwriting with Agentic AI.

Podcast Series Tech Baithak – Episode 3

In this month's Tech Baithak, engage with strategic analyses of the evolving cybersecurity landscape, featuring **Ashwin A.** and **Ambarish Kumar Singh**, CISO Godrej. View the complete discussion on our YouTube Channel.

Digital transformation, remote work, and evolving regulations are creating a perfect storm of GRC challenges for businesses today. From cybersecurity threats to industry compliance, organizations must navigate a complex risk landscape. A robust GRC tool .. [Read More »](#)

GRC – Governance, Risk and Compliance Need Of the Hour How COMPLYment addresses the challenge

From cybersecurity threats to industry compliance, organizations must navigate a complex risk landscape. A robust GRC tool is no longer a luxury, but a necessity for streamlining governance, mitigating risks, and ensuring compliance... [Read More »](#)

Customer Testimonial

A leading fintech company recently shared their feedback on our collaboration:

"We sincerely appreciate Skillmine's exceptional dedication over the past month in working alongside our team. Their relentless effort in addressing regulatory observation points - even during odd hours - has been invaluable. While there's still more to be done, the progress made together speaks volumes. With a clear roadmap ahead, we are confident in Skillmine's continued support to drive this to completion. Thank you for your professionalism, commitment, and unwavering support."
